## 12 Class Maths

★★★★★

Rs. 2000

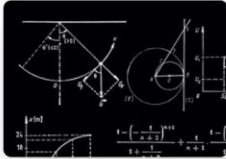

A syllabus is basically a tool to plan a course within a stipulated time. It not only gives an idea about the goal and objective of the course but also helps to prepare oneself beforehand and develop concepts and confidence thereby. You might be looking for a platform where you can get the Syllabus for CBSE Class 12 Maths 2021-22. The Central Board of Secondary Education (CBSE) has announced a subject-by-subject new CBSE Syllabus 2021-2022 for 9th, 10th, 11th, and 12th grades, which will be used for the CBSE Academic Session 2021-2022.
